UNE VUE DÉGAGÉE DE TOUTE TRACE

Les balais d'essuie-glace effectuent souvent leur lourde tâche dans des conditions des plus difficiles : ils sont en effet tenus de nous débarrasser de la neige, de la glace, de la poussière, de la grêle ou de l'eau sale projetée par les véhicules précédents tout en faisant face à des changements de température extrêmes (de -30 à +70 °C). Ils sont également soumis aux produits nettoyants employés dans le lave-glace, grâce auxquels ils peuvent venir à bout des résidus d'insectes asséchés sans risque d'endommager la vitre. Les balais d'essuie-glace HELLA sont dignes de toute votre confiance. Les lames en caoutchouc présentent un revêtement graphite, de manière à résister durablement aux conditions d'utilisation contraignantes.
Le design spécifique minimise la prise au vent. Résultat : un fonctionnement plus régulier et plus discret associé à une durée d'utilisation plus longue. Pour accroître la sécurité tout en améliorant le confort.

PLUS SIMPLE QUE JAMAIS : LES CHANGEMENTS DE BALAIS D'ESSUIE-GLACE AVEC EASYCHANGE

Le programme EASYCHANGE simplifie le changement des balais d'essuie-glace à l'extrême. Nul besoin de compétences techniques. Les nouveaux balais d'essuie-glace HELLA garantissent une pose simple et efficace, en quelques manipulations. L'adaptateur adéquat est fourni dans chaque emballage de balai d'essuie-glace HELLA. L'ensemble de la procédure ne requiert que quelques minutes. Pour savoir comment procéder, accédez à nos conseils et vidéos utiles sur le site www.hella.com/easychange

Des balais d'essuie-glace de qualité supérieure sont par conséquent indispensables. Ils permettent un nettoyage optimal des vitres du véhicule, tout en offrant un design pensé pour minimiser la gêne sonore occasionnée par la prise au vent.

À chaque type de véhicule son modèle !
HELLA propose des balais d'essuie-glace pour presque tous les modèles de véhicules. Les véhicules des plus récents aux plus anciens peuvent être équipés de balais d'essuie-glace HELLA. UN CONFORT ACCRU POUR LES GRANDS CONDUCTEURS

BALAIS D'ESSUIE-GLACE POUR VUL ET PL

Les couinements ou bruits de saccades des essuie-glace peuvent vite devenir insupportables, encore plus particulièrement pour les métiers de la route. Les balais d'essuie-glace HELLA offrent une fiabilité inégalée, jusque dans les conditions les plus extrêmes. D'un fonctionnement fiable, ils garantissent une visibilité claire même au cœur de la tempête de neige. Ceci n'améliore pas seulement le confort de conduite, mais accroît également la sécurité. HELLA propose des balais d'essuie-glace de longueurs flexibles, pour presque tous les modèles de VUL.

PARÉS POUR ENCAISSER

BALAIS D'ESSUIE-GLACE POUR MACHINES AGRICOLES

Au-delà de la route, sur les terres agricoles également les balais d'essuie-glace HELLA pour machines agricoles font leurs preuves. Ils viennent à bout des projections de terre, de poussière ou de la pluie battante dans des conditions d'emploi des plus contraignantes. Tous sont dotés de lames en caoutchouc résistantes et durables. Ils protègent par ailleurs le vitrage du phénomène d'opacification. La livraison en une pièce facilite encore davantage le changement des balais d'essuie-glace. Des kits sont également disponibles pour certains engins agricoles.
